#### ***V. Borrowing a player from another registered team***

---

1. A player officially registered with a team may not play for another team within the same competition unless a *Replacement Player Request Form* (see Appendix D) is submitted to the appointed match referee and opposing Team Captain **15 minutes** prior to kick-off of a game, and the request is approved by both the appointed match referee and the opposing Team Captain.
2. Such a request must be made prior to kick off and with enough time for the appointed match referee and opposing Team Captain make such decision. Where the consent of either the appointed match referee or opposing Team Captain is refused, the requesting team *may* make a request to the Tournament Committee, if time permits.
3. Kick off for the subject match will *not* be delayed because of an application made to, or a decision pending from, the Tournament Committee.

#### ***VI. Player Identification***

---

1. It is preferable that players tops are numbered.

#### ***VII. Starting a match***

---

1. Each team shall be responsible for getting their players to the field of play by the scheduled kick-off time. A one (1) minute grace period for late arrivals will be permitted at the discretion of the Referee and Opposing Captain. The playing time in the first half will be reduced by the corresponding time period of the delay. If after the grace period, the opposition has still not reached the field of play, then the team on the field ready for play will receive a walkover.
2. The toss of the coin (or equivalent) will be controlled by the appointed match referee prior to kick off. The winner of the toss must decide whether to kick-off or to choose an end.
3. The referee's whistle will signal the start and end of the game, and players should play to the referee's whistle. The Court Timer is to assist the referee, not replace them. Each game will last five (5) minutes each half, with not more than three (3) minutes interval between halves.

### **VIII. Golden Point**

---

1. In the knockout stages of the tournament (only), in the event of a tie, before extra time starts, the referee organises a toss (or equivalent). The winner of the toss (or equivalent) decides whether to kick-off or to choose an end. Play will then continue until the first team scores (Golden Point Rule). There will be no intervals between the additional periods and no teams' officials will be allowed within the playing area.

### **IX. Replacements**

---

1. A team may nominate up to seven (7) substitutes (registered players) per match. Players may only be substituted when the ball is dead. There is **no limit** to the number of substitutions that can take place during a match, including knock-out stages and finals. A substitute player may only enter the playing area at, or immediately adjacent to, the halfway line. A player being substituted may leave the playing area from any place.

### **X. Injuries**

---

1. The referee does not stop the clock for injuries. The referee may allow play to continue while a medically trained person treats an injured player at the touchline.
2. If the injured player is unable to be moved for safety reasons the match may be abandoned.
3. In the event of a Match Abandonment due to injury, the winning team will be decided under the Provisions of Match Abandonment in Section XI.

### **XI. Match Abandonment**

---

1. If a team wilfully refuses to play, or wilfully abandons a match in progress, without the prior consent of the match referee, then, subject to confirmation by the Judicial Team, that team will be subject to any or all penalties determined by the Tournament Committee.
2. If a Team has been expelled from the Tournament, for whatever reason, then that team shall be deemed to have been awarded no pool competition table points and to have scored no tries or points in the pool matches; and
3. For the purposes of determining standings in the pool competition table, all match results against such team shall be deemed null and void. This means that all pool competition table points awarded in matches against the expelled team with tries and points scored or conceded in matches against such team will not be taken into account in determining standings in the pool competition table.
4. Apart from the wilful abandonment of a match, if a match has to be stopped under the provisions of the Laws of the Game after its commencement, then subject to confirmation by the Tournament Committee, the following procedure shall apply:

**Pool matches**

- i. Where a pool match has been abandoned either at half-time or at any time in the second half, the result and any points and tries scored by each team in the match shall stand.
- ii. Where a pool match has been abandoned during the first half, the result shall be declared a draw.
- iii. Where a pool match has been declared a draw then for that match each team will be awarded two match points and any points and tries scored will count towards the total points and tries scored by each team in all their pool matches

**Knock-out Matches**

- iv. Where a match has been abandoned either at half time or at any time in the second half, the result shall stand. If both teams are tied, then the team having scored the most tournament points (see XII) shall be declared the winner. If this does not produce a winner, then the provisions provided in *Rule XII (2) & (3)* shall be used to ascertain a winner.
- v. However, if one of the teams participated in a pool where a team was expelled, for whatever reason, then the matter will be referred to the Tournament Committee which shall decide the most appropriate method for determining the winner of the tied knock out match.
- vi. If a match has been abandoned during the first half the result shall be declared a draw and the provisions within point 1 (above) shall be used to ascertain the winner. However, if one of the teams participated in a pool where a team was expelled, for whatever reason, then the matter will be referred to the Tournament Committee which shall decide the most appropriate method for determining the winner of the tied knockout match.

**XII. Tournament points**

---

- 1. At the end of a Match, both team managers should check the score card, as recorded by the Scorers court side. Any discrepancy should be resolved at this time with the assistance of the Referee. The Tournament Director recommends that each team manager signs the score card to signal acceptance. Once the score card has reached by the Control Tent, the result is official and cannot be challenged.
- 2. Position on the competition table will be determined by competition points:

OUTCOME	POINTS
Points for a win	5
Points for a draw	2
Points for a loss	1
Points for a no-show	0

3. If, at the completion of the Pool phase, two teams are equal on match points, the winner of the match in which the two tied teams have played each other will be the higher ranked.
4. In the event that this match is a draw, or more than two teams finish level on points, then the following criteria are used in the following order until one of the teams can be determined as the higher ranked:
  - the team which has the best difference between tries scored for, and tries scored against, in all of its pool matches shall be the higher ranked;
  - the team which has scored most tries in all of its pool matches shall be the higher ranked;
  - if none of the above criteria produce a result, then it will be resolved with a toss of a coin.

### ***XIII. Entry and exit of the playing area***

---

1. Five (5) players from both teams are permitted into/onto the playing area. Coaches, managers and reserves must remain **outside** the designated playing area. Substitutions may occur when there is a stoppage in play.
2. A substitute player may only enter the playing area at, or immediately adjacent to, the halfway line. A player being substituted may leave the playing area from any place.
3. At any time, before or during a match, a team captain may make an objection to the match referee about the number of players in the opposing team. As soon as the match referee knows a team has too many players, the match referee may order the captain of that team to reduce the number of players appropriately to comply with these rules. Any tries scored while a team had too many players on the field, will be disallowed.
4. A tournament official, including a referee, may, at any time during a match, direct any person who appears to be a member of a team, but does not appear on a team's player list for that match, to move from the playing area, including the area from where substitute players may enter the playing area.

### ***XIV. Players ordered off the field of play by the appointed referee for misconduct***

---

1. If a player is temporarily suspended (yellow carded) by the referee, the player must proceed immediately to the match official tent located at, or near, the halfway line. They must remain there for a period of two (2) minutes of playing time ("sin bin period"). The two-minute period will not commence until the player arrives at the match official tent. The temporary suspension time will be managed by the match officials.
2. Any player who receives two (2) yellow cards in the same match is to automatically receive a red card and be sent from the field. That player must serve an automatic one match suspension before taking further part in the tournament. No judicial proceeding is required to give effect to this suspension.
3. Any player who receives three (3) yellow cards during the tournament will be suspended for one (1) match. Yellow card status resets after one (1) match suspension.
4. A player sent from the field (red carded) by the match referee, other than through the accumulation of two yellow cards in the same match (see point 2 above), will not be permitted to play again until the matter has been dealt with by the Tournament judiciary.

## **XV. Schedule of Penalties**

---

***Teams are responsible for the behaviour of their players, officials & their supporters.  
In the context of Clause XV, Team Member should be taken to include all team players, team officials and team supporters.***
